Welcome

Welcome to Bell Road Dentistry. We appreciate the opportunity to provide you with quality dental care. To ensure clear communication and efficient service, please review the following policies carefully. Your signature below confirms your understanding and agreement.

Appointments & Missed Appointments

We reserve time specifically for you. If you are unable to keep your scheduled appointment, please provide at least **48 hours' notice**. Failure to provide proper notice or failure to appear for a scheduled appointment may result in a broken appointment fee as follows:

- **Weekday:** \$50.00
- **Saturday (if applicable):** \$75.00

Repeated missed appointments may result in dismissal from the practice. We make every effort to run on time. If you arrive more than **15 minutes** late, we may need to reschedule your appointment. Occasionally emergencies arise that cause delays. We respect your time and will make every effort to stay as close to your appointment time as possible.

Payment Policy

Payment is due at the time services are rendered unless prior arrangements have been made. We accept cash, debit cards, and major credit cards. If you have dental insurance:

- We will submit claims as a courtesy.
- Insurance is a contract between you and your insurance carrier.
- Estimated patient portions are due at the time of service.
- Any balance not paid by insurance within **60 days**, for any reason, becomes the responsibility of the patient.

Once insurance payment is received, any remaining balance will be billed to you. Payment of outstanding balances is due in accordance with Bell Road Dentistry's financial policy. If insurance claims remain unpaid, it is the patient's responsibility to follow up with the insurance carrier. The office will continue to assist with claim processing as a courtesy. Returned checks may be subject to a fee in accordance with office policy and applicable law. Accounts not paid as agreed may be subject to interest or finance charges as permitted by applicable law and office policy.

Past Due Accounts

Accounts that remain unpaid beyond **90 days** may be referred to a collection agency. If your account is referred to collections, you agree to be responsible for collection fees permitted by applicable law, as well as reasonable attorney fees and court costs if applicable.

Treatment Estimates

Any fee estimate provided is not a guarantee of insurance payment. Actual coverage is determined solely by your insurance carrier. You are responsible for all services rendered, regardless of insurance benefits.

No Guarantee of Results

Dentistry is not an exact science and results cannot be guaranteed. No guarantee or assurance has been made regarding the outcome of treatment you have requested or authorized. Each dentist is an individual practitioner and is solely responsible for the dental care rendered.

Records Requests

Patient Initials: _____

Original records remain the property of the practice. Upon written request, copies of records will be provided within the timeframe required by state law. A reasonable duplication fee may apply where permitted.

Arbitration Agreement

Patient Initials: _____

The patient and dentist (including their corporations, representatives, staff, agents, parents, guardians, children, and all related individuals and entities) agree that all disputes arising from events that occurred in the dental office will be determined through submission to an arbitrator, and not by a lawsuit or other legal proceeding filed in a federal, state, county, or municipal court.

By signing this Arbitration Agreement, the parties waive and forfeit their constitutional, statutory, or common law rights for a judge or jury to decide disputes, and instead accept the use of a private arbitrator. This Arbitration Agreement covers all disputes related to dental treatment, financial matters, or any other events that occurred in the dental office—whether in tort (intentional or negligent), contract, statute, common law, or otherwise—including, without limitation, actions relating to dental negligence, return of fees, loss of consortium, wrongful death, discrimination, emotional distress, or punitive damages. The arbitration shall bind all parties, including any spouse or heirs, and will not be subject to court review. Either party may initiate arbitration by serving on the other a written "Demand for Arbitration" by certified mail (no other form of service will be acceptable). The Demand for Arbitration must identify all parties, include contact information, describe the claims against each party, and state the amount of damages sought. Either party may continue the proceedings by contacting the American Arbitration Association (AAA). A single AAA arbitrator, mutually selected by the parties, will conduct the arbitration. Proceedings will be resolved using AAA rules. **The laws of the state in which services are rendered will apply.** If any provision of this agreement is held invalid or unenforceable, the remaining provisions remain in full force and effect.

Acknowledgment & Signature

I have read, understand, and agree to the policies outlined above. I acknowledge that I have had the opportunity to ask questions.

Oral Abnormality Screening Consent Form

We are very concerned about oral cancer and conduct screening examinations on every patient.

The incidence of Oral Cancer continues to rise in the USA. The American Cancer Society indicates that since 2013, there has been a remarkable **61% increase** in this deadly disease. **Alarmingly, over 50% of the new oral cancer cases are people that do not have any of the traditional lifestyle risk factors, such as age and tobacco and alcohol use.** However, it is now known that the same virus that causes cervical cancer, HPV (Human Papilloma Virus), is now the leading cause of oral cancer.

Traditionally, our dentists and hygienists have done oral cancer screening with the naked eye, but recently a new technology, the **VELscope** has received FDA approval. The **VELscope** (for Visually Enhanced Lesion scope) **will help us pinpoint and identify suspicious tissue at earlier stages before they may become life threatening concerns.**

VELscope, like other early detection procedures like colonoscopy, mammography, PAP smear and PSA exam, is a painless, non-invasive blue light that is shined into the patient's mouth. The images are viewed through the back of the VELscope handpiece, and the hygienist or dentist may find tissue abnormalities at an earlier stage. Before the exam, the room may be darkened and with the special vision technology the clinician can see changes in tissue that may not be visible to the eye. These detected changes can range from something minor to something of greater concern that may require further examination and follow-up.

The VELscope testing is an addition to our traditional visual oral cancer screening and will add only a few minutes to the entire exam. The normal fee for this procedure is \$65, however, the Doctor feels so strongly that every patient has this examination at least once a year. Our charge for this enhanced examination is only **\$40.00**. The encouraging aspect of your insurance is that this is the most you will have to pay out of pocket. As part of our standard of care and because we care about you, we strongly recommend that you choose this additional screening procedure.

Please sign the area below to accept financial responsibility for this procedure.

Once again, we feel this breakthrough technology is very important to the enhanced quality of care we can offer to our patients.

Thank you for your kind consideration.
